Understand the key certifications for PV module manufacturing. Our guide covers IEC, UL, and CE certification for solar energy to ensure safety and ...

Learn about the important criteria by which solar panels are measured and tested before going to the market.

IEC Certifications - About the International Electro Technical Commission IEC 61215 / en 61215 IEC 61215 Ed. 2 Aging of PV Modules IEC 61646 Thin-Film PV Modules IEC 61730 / en 61730 Safety Qualifications IEC 60364-4-41 Protection Against Electric Shock IEC 62108 Concentrator PV Modules IEC 61701 Salt Mist Corrosion Resistance Testing on PV Modules A special certification for Concentrator PV (CPV) modules is necessary because the high concentration of the solar irradiance through lenses or mirrors causes higher stress on the equipment. The IEC 62108 standard specifies the criteria for the design qualification and type approval of concentrator photovoltaic modules and assemblies suitable for l...
