Does the Power Bureau have a base station

Giga Shanghai currently does final assembly of Model 3 vehicles which began in December 2019, with expectation to begin Model Y final assembly later in 2020. While initially, assembly is accomplished with parts and subassemblies that are shipped into the factory from the US, a major push during 2020 will be to gradually increase the "Made in China" (MIC) content in the car as Tesla China manufacturing matures. As ...
