Signed on July 28, 2025, in Sofia, the deal marks a major step in energy transition for Southeastern Europe, combining SUNOTEC's expertise in solar infrastructure with Sungrow's globally acclaimed ...

We specialize in advanced photovoltaic energy storage solutions, providing high-efficiency battery cabinets designed for reliable, sustainable, and clean energy. Our products help you reduce ...

The 2.6 MW BESS projects are just the start of battery storage in the country with YESS Power, a Turkey-based contractor, planning to commission a ...

For North Macedonia to achieve its renewable targets, power lithium battery storage isn't optional - it's essential. From solar farms to industrial complexes, these systems provide the flexibility and ...

Discover how lithium battery energy storage systems are revolutionizing North Macedonia's renewable energy landscape - and why this matters for global sustainability goals.

With 900 MW of installed capacity, North Macedonia's solar sector is scaling rapidly, while battery storage is gaining momentum. Find out more in our daily focus, 15-18 September.

Luxembourg-based Zen Energy Group has started the installation of a hybrid energy project in North Macedonia, combining a solar power plant and ...

YESS Power, together with China-based Cubenergy and under the investment of Mey Energy, is building a 60 MW battery energy storage system ...

Turkey-based YESS Power has commissioned a 30 MW battery energy storage system (BESS) for Mey Energy, the first grid-scale facility of its kind in North Macedonia and the Western Balkans, Balkan ...

Macedonia solar container battery Storage

Discover how North Macedonia is leveraging lithium battery technology to transform energy storage systems and support renewable energy integration. This article explores applications, market trends, ...
