The Chimie du Solide et Energie (CSE, solid-state chemistry and energy) lab is part of the Collège de France, the most prestigious research ...

Argylium's initial activities will leverage Syensqo's existing solid-state battery pilot line in La Rochelle, France, which builds on ...

Blue Solutions is a pioneer in solid-state battery design and development, and has been working on large-scale industrialisation of solid-state ...

With more than 20 years of research and development experience, Blue Solutions is accelerating the development of its 4th and 5th generation of solid-state batteries while setting up joint ...

Blue Solutions joins forces with the CNRS, the Collège de France and Sorbonne University to develop the next generation of solid ...

Since 2011, Blue Solutions has been the only company in the world to mass produce solid-state lithium-metal batteries, using Lithium Metal Polymer ...

After securing another major partnership, Factorial is closing in on bringing its "groundbreaking" all-solid-state EV battery platform to global markets. Factorial's solid-state ...

On the one hand, Blue Solutions and Forsee Power are initiating the development of 100%-French solid-state battery systems that ...

Blue Solutions joins forces with CNRS, Collège de France and Sorbonne University to develop the next generation of solid-state batteries Paris, le 24 juin 2024,

Designing and producing a solid-state battery is the aim of the ELIAS project, led by Saft and implemented by

Paris solid-state batteries

a consortium of academic and industrial players. This ...
